

Crossnore Angel Tree for Children in Foster Care

Angel trees are a great way to collect gift donations if you have a group of 10 or more or are collecting as a business or organization.

How do angel trees work?

- 
1. Download and print our gift tags for your group. Feel free to print one set or more!
 2. Cut out tags.
 - If putting up a physical tree: Set up tree, hang tags, and allow group members to choose one or more tags.
 - If not putting up a physical tree: Distribute one or more tags to group members.
 3. Set a deadline (by November 30th) and a drop off location for gifts.
 4. Have members shop for new, unwrapped items. Collect by set deadline.
 5. Arrange drop off or pick up of items with a Crossnore Community Engagement staff person by December 6th.
